Dear Exponential Brilliance Team

Exponential Brilliance (Pty) Ltd, came highly recommended to Vin Do, as a reliable and highly professional service provider. The recommendation led to the working relationship with Amanda Roothman and her team. She and her team assisted us in accessing the TERS UIF grant payments on behalf of my staff. The support of Amanda and her team helped my staff to meet their financial obligations during this difficult time.

Exponential Brilliance (Pty) Ltd has the technology and relevant systems in place to deliver timely and exceptional service to clients. Their willingness to walk the extra mile, long working hours and late-night emails received did not go by unnoticed.

It is this attitude and commitment to their work that place them in the position of being a leading company in their field. For these reasons, I have no doubt in recommending Exponential Brilliance (Pty) Ltd, by name Amanda Roothman services to any business requiring such a service.

My sincere thanks to Amanda and the Exponential team, you are in one word: Amazing!

Yours sincerely

GERRIT J ZULCH
